Ask a Nurse Partners

We are incredibly grateful to our many partners who make this work possible. Some contribute their time, while others provide resources and financial support.

THE ASK A NURSE PROGRAM

Health Ministies Network

What is Ask a Nurse?

Health Ministries Network provides a welcoming healthcare presence in the community through our Ask a Nurse Program, which serves individuals facing barriers to accessing healthcare. Throughout the month, nurses volunteer at various partnering locations, including The Bellingham Food Bank, Foothills Food Bank, Nooksack Valley Food Bank, and Whatcom Family Y, to deliver essential healthcare services.

Nursing School Partners

We partner with nursing programs at Western Washington University, Whatcom Community College, and Bellingham Technical College. These vital collaborations benefit both the Ask a Nurse program and nursing students. Ask a Nurse gains valuable assistance, research, and data, while nursing students receive practical experience in public health. We welcome nurses at all stages of their careers to join!

Our Services

The Ask a Nurse Program relies on dedicated volunteers who provide essential services to promote community health.

These include:

- **Blood pressure checks.**
- **Referrals to healthcare providers.**
- **A1C screenings at select locations and times.**
- **Limited health screenings.**
