

# HEALTH MINISTRIES NETWORK

## Board of Directors Roles

11/20/2019

The Health Ministries Network (HMN) is a non-profit organization which initiates, develops and supports faith based health ministry in Northwest Washington to advance the wellness and wholeness within our diverse communities of faith and the wider community.

HMN Board of Directors represents the needs and interest of their community. The Board consists of representatives from faith communities, health professionals, and the wider community who, with the Executive Director, guide and direct the vision, services, finances, fundraising, and communication of the Health Ministries Network. We have an amazing story to tell and expect HMN Directors to advocate and champion our ministry in the wider community. Members are nominated by the Executive Committee and elected by the HMN Board for three year terms. It is possible to serve one additional three year term.

Directors shall be aligned in philosophy with the mission of the HMN and supportive of the faith community nurses, health ministers and community health advocates engaged in health ministry in their congregations or community.

*Directors agree to:*

- 1. Devote the time and energy to serve HMN, being generous with their time and resources;*
- 2. Regularly attend Board meetings and other activities (fund raising, committee work, etc. depending on interest, and skill set);*
- 3. Be involved in fiscal oversight of the organization;*
- 4. Stay informed about Board and Committee matters, prepare for meetings, and review and comment on minutes and reports;*
- 5. Volunteer for assignments and complete them thoroughly and on time;*
- 6. Participate in the Board's annual strategic planning retreat;*
- 7. Respond to meeting request and votes by email within three business days.*

*Mission: To train and support faith community nurses and health ministers to serve their congregations and community by promoting preventive health care, social justice and spiritual well-being.*
